

USA-CLEAN, Inc. announced as Single Provider for Janitorial Cleaning Equipment Parts and Reconditioned Equipment by National Cooperative Purchasing Alliance (NCPA)

DECATUR, IL., August 14, 2020— USA-CLEAN, Inc, the innovative leader in aftermarket solutions for floor care equipment has been recently announced as an awarded vendor for National Cooperative Alliance (NCPA) for Reconditioned Janitorial Equipment and aftermarket support for floor Cleaning Equipment.

The NCPA (National Cooperative Purchasing Alliance) is a leading national government purchasing cooperative working to reduce the cost of goods and services by leveraging the purchasing power of public agencies in all 50 states. NCPA utilizes state of the art procurement resources and solutions that result in cooperative purchasing contracts that ensure all public agencies are receiving products and services of the highest quality at the lowest prices.

USA-CLEAN's innovative approach to floor equipment aftermarket solutions provides a simple low cost structure for procuring these types of products in one easy to use system as opposed to buying from many different suppliers. They truly are a one-call/one-bill for all of the necessary items to manage a floor cleaning equipment program.

Their unique and high quality Reconditioned Floor Equipment Program gives Public Sector members an opportunity to purchase machines at a fraction of new and while still providing the Industry best for warranty, 6 months on all reconditioned machines, that is unheard of in the industry.

USA-CLEAN manages relationships across all manufacturers in the industry so that our customers can find those solutions without multiple calls, emails, searching online, its all at one place...
