# DISPATCHED SERVICE

## More techs in more places

USA-CLEAN has an unbeatable network of over 600 service technicians with years of experience across all fifty states plus Canada and Puerto Rico.

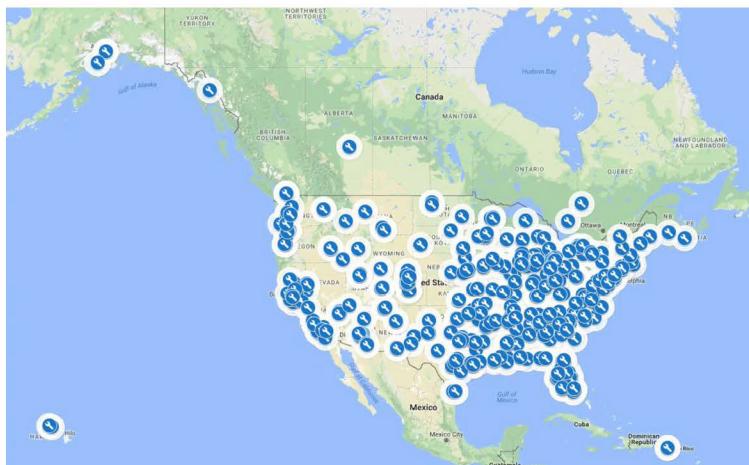

No one can offer better coverage or more onsite expertise than USA-CLEAN dispatched technicians.

## Dispatch avoidance triage rules

We use common sense and experience to prevent service calls and save clients' money. Flipping a breaker or checking a plug can save hundreds each time a trip is avoided.

We always ask smart questions and may require troubleshooting prior to a dispatch request, based on client preference.

# FAST SHIPPING REPAIR PARTS

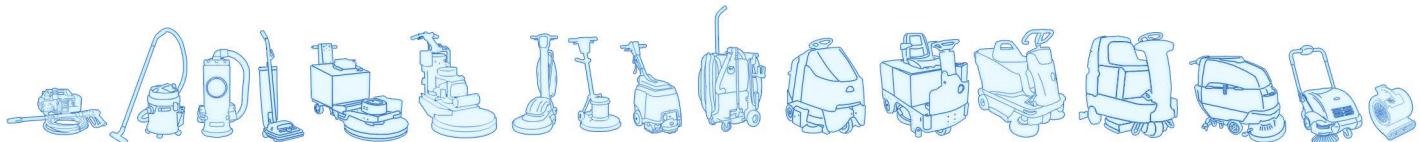

## Get you the right part at the right time

We stock thousands of parts that ship directly from our warehouse the day they are ordered. Our central location means part orders arrive in most locations via ground shipping in one to two days.

Clients rely on USA-CLEAN for our massive inventory, our parts intelligence, and our commitment to same day shipping for every in stock item, every day. ["All product ships same day"](#) is a motto we have posted throughout our facility, and we live by it.

# FLEET INTELLIGENCE

## Know your equipment, control your spend

Managing equipment across multiple locations is complicated. USA-CLEAN has unmatched expertise at validating and making sense of the data to minimize client spend for the lowest possible TCO (Total Cost of Ownership).

## Best-in-class equipment recommendations

With decades of experience tracking all brands of equipment across multiple industries and applications, USA-CLEAN can deliver independent, unbiased, expert analysis of client needs and recommend the best equipment for any use case.

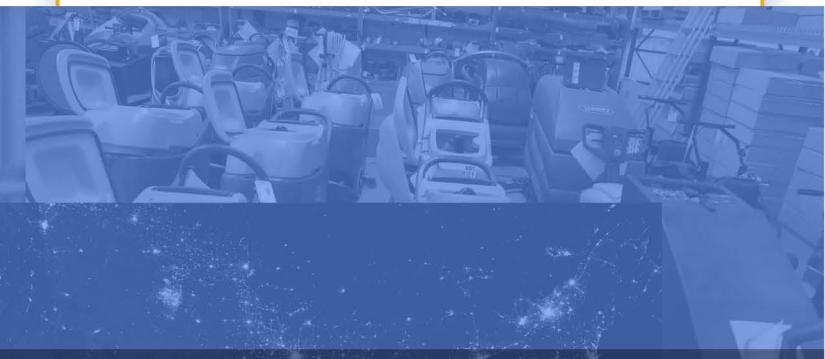

## Track your equipment from anywhere

- Monitor productivity and fleet use
- Identify underutilized equipment
- Track results against goals
- Deliver verifiable cleaning results

ARMOR is a patented telematics system compatible with most powered equipment available exclusively from USA-CLEAN

# RECONDITION & REDEPLOY

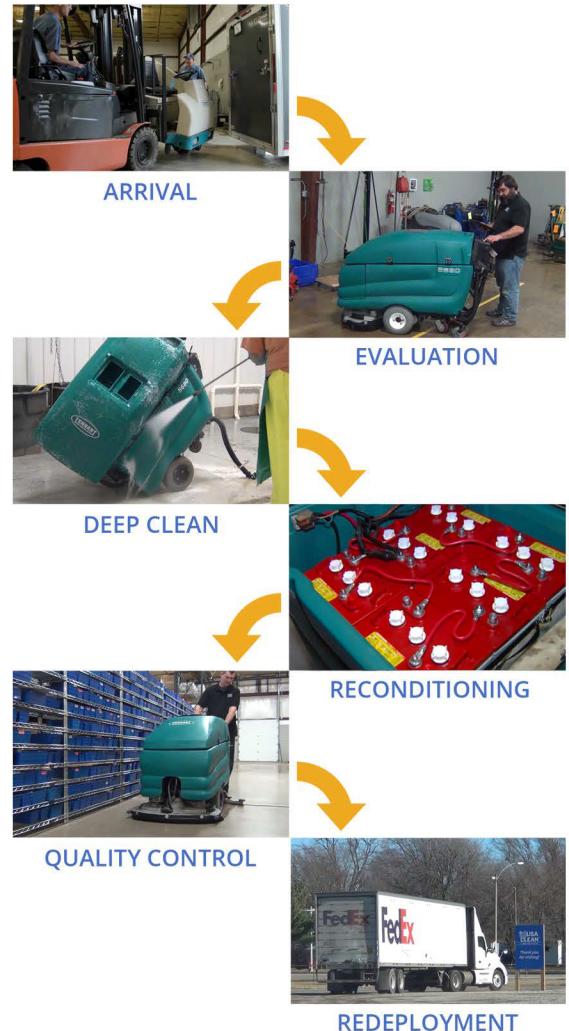

## Keep your fleet operational indefinitely

Instead of repairing equipment in the field when a major breakdown occurs, quickly swap it for a totally reconditioned machine from our equipment recycling factory.

-  **REPLACEMENT EQUIPMENT SHIPS SAME DAY TO KEEP YOU OPERATIONAL**
-  **HUGE TIME AND MONEY SAVINGS COMPARED TO BUYING NEW**
-  **REUSING EXISTING EQUIPMENT ELIMINATES NEED FOR RETRAINING**
